1. What is your connection or interest in this case? * For example, are you a customer of the Company that is the subject of this pending proceeding? (This section must be completed. Attach additional information if necessary.)

Customer of Tega Cay Water Service (Utilities Inc) since 1996

2. Please give a concise statement of your protest. * (This section must be completed. Attach additional information if necessary.)

This letter is to officially register my protest against allowing TCWS to raise our water and sewer rates AGAIN. As recently as 2010, they were allowed an 18% increase which was to provide funding for repairs and upgrades to the water system. These repairs have not taken place and our water quality remains poor.

We are requesting that the Commissioners reject the proposed increase. Poor business management by the water company should not cost the customers more and more money.

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? *

No, thank you. We're trusting the Commission to make a decision that is in all our best interests.

1. What is your connection or interest in this case? * For example, are you a customer of the Company that is the subject of this pending proceeding? (This section must be completed. Attach additional information if necessary.)

I have been a customer of Tega Cay Water Service (Utilities Inc) since 1996.

2. Please give a concise statement of your protest. * (This section must be completed. Attach additional information if necessary.)

Over the years, this company has been granted multiple rate increases - most recently an increase of 18% in 2010. My concern is that I do not see this company in the community doing routine maintenance or updates, and we continue to experience failures. I have recently installed a whole house water filter because we are concerned about the quality of the water we are receiving. Anything I say about quality is a repeat of what the Commission heard in 2010.

I believe this company was charged by SCDHEC in 2010 to provide a plan for infrastructure and maintenance. I would like to know if it was done and further, if they are actually implementing the plan.

We cannot afford to continue giving this company more and more money - the mismanagement should not be at the (never ending) expense of the citizens and customers in Tega Cay.

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? *

No, thank you. I will trust the Commission to act in my best interest.
